

June 2010 Monthly Board Report—

Public Relations

General

Meeting was to be held at Daly Zilch at 4:00 PM. However, there again were not enough members of the committee to hold the meeting and it was cancelled. I sent out a letter requesting each member to let me know if they would continue and the consensus was that Summer guests, activities, vacations, etc. prevent their attendance at this time.

Public Awareness

- **Events**

Web hosting has been transferred from the Chronicle, who is no longer offering that service, to Naturecoast web design. They are almost finished repairing navigation links and will start updating articles and pictures as we send them. The construction calendar has been repaired and updated and they are going to present it in a more user friendly fashion. Eventually someone from the Habitat office will be able to access the site to fix errors and add time sensitive announcements as needed. All reports and BOD insertions will be sent to and updated by Naturecoast.

- **Public Speaking Opportunities/Orientation**

A presentation will be given to Walmart employees on June 25th at 7AM. Since another orientation is scheduled for July 17th, it is hoped that those who are in need of better housing will become interested in finding out more about the program and submit applications. Dave Brightman, who has arranged this session, will also attend.
