

Family Services Committee Report

March 2010

- We reviewed two more applicants. We recommended both of them to the Board of Directors for approval.
- The Family partners are still working on their hours. Sherry Knight's Wall Raising was this past Sat. The five new family partners seem eager to be in the program and start their sweat equity hours.
- We made a new ruling in the committee concerning assigning partners. We made the motion that a new member of the committee should attend 3 meetings before they are assigned a partner. All present agreed to it.

**Nancy Wessel Family Services
Committee Chairman**
